Logistics Complex of Arraial do Cabo

Logistical support to companies Offshore and Onshore

The Logistics Complex of Arraial do Cabo - CIAC, was created to meet the growing demand for related logistics support services for Off Shore and On Shore companies. The project has ample space and infrastructure capacity to meet the most diverse demands of installation, maintenance and repair.

Infrastructure

The land has a total area of 140,000 m² and 2.500m² of sheltered warehouse for lease; 24h monitored through electronic equipment with identification of people and vehicles.

All handling and storage made via WMS / AG system.

Administrative infrastructure:

- Electrical
- Hydraulics
- Sanitation
- Communication
- Offices (Workstations)
- Parking for trailer
- Road Balance
